

Motion nr. 6

Name of the person introducing the motion: Olrik Bouma

On behalf of the party: Fryske Nasjonale Partij [FNP]

Title: EFA Taskforce Energy Transition

Taking in account that

- A. the energy transition will have a tremendous impact for all European citizens
- B. the large Multinationals and big urban agglomerations is dominating the way the energy transition will take place.
- C. EFA regions sincerely have to worry not to be forced to take the disproportionate burden of providing energy for the wider community
- D. EFA members previous year agreed on setting up a TaskForce under responsibility of the EFA Board with a clear goal to stimulate self-determination on the energy transition [1]
- E. So far minor progress in launching and empowering this TaskForce has taken place

The European Free Alliance:

1. calls all EFA members to actively contribute to the planned TaskForce in both time and funding for co-financed EFA projects, to share knowledge and options to achieve a higher level of self-determination on the energy transition.
